REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: In combination with all the limitations recited in the independent claim, all the prior arts do not show a terminal block comprising a housing, a circuit substrate, signal contacts, and a ground contact; wherein the ground contact having an outwardly projecting contact lip extending in a direction away from a ground area of the circuit substrate and being adapted to directly contact a ground area of another terminal block placed against the ground contact. Also, the examiner agrees with the applicant that the reference by Mitra (US 6,520,802 B1) is not prior art under 35 U.S.C. § 102(e) because Mitra has a reference date under MPEP §2136.03(II) (B and C) of December 14, 2001 which has an international filing date before November 29, 2000.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
